**Organises an awareness programme on "WORLD LEPROSY ERADICATION DAY  
30<sup>th</sup> January-2024"**

**"ACT NOW, END LEPROSY BY 2027"**

**Held on 30<sup>th</sup> January 2024**

The PG and Research Department of Zoology, Nehru Memorial College (Autonomous), Puthanampatti organized an awareness programme on "**WORLD LEPROSY ERADICATION DAY 30<sup>th</sup> January-2024**" entitled "**ACT NOW, END LEPROSY BY 2027**" on 30<sup>th</sup> January 2024 at 2.30pm in ICT Hall-I for students of Nehru Memorial College. The programme was begun at 2.30pm with Tamil Thai Vazhthu. The programme was organized in connection with World Leprosy Eradication Day to be held on 30<sup>th</sup> January every year. The main aim of this programme is to share awareness about Leprosy, its transmission and control measures.

**Dr. C. Sasikumar**, Principal (i/c), Associate Professor and Head, Department of Botany, Nehru Memorial College welcomed the gatherings and encouraged the participants. **Er. Pon Balasubramanian**, President, Nehru Memorial College, delivered presidential address. Sir emphasized that students would get employment opportunities in Regional Leprosy Training and Research Institute–Raipur and Central Leprosy Teaching and Research Institute–Chengalpattu as Scientists, biologist, technician and so on. Further, he stated the knowledge might be shared among public to eradicate the Leprosy disease.

**Dr. N. Ramesh**, Assistant professor of Zoology, Nehru Memorial College delivered a special talk on "Act Now, End Leprosy by 2027" to the students. He spoke about status of Leprosy disease in past and present at global level. Mode of infection, symptoms, reaction of immune system, which pathogen causes leprosy and its incubation period were explained. *Mycobacterium leprae* is the pathogen causes leprosy and is a slow growing, gram positive bacterium. Leprosy is otherwise called as Hansen's disease which affects skin, peripheral nerves, eyes, internal organs of human. Pauci bacillary Leprosy and Multi bacillary Leprosy were also informed. The way of exit like nose is a major portal of exit and millions of *M.leprae* in the nasal mucosa discharged via sneeze and cough. Infection occurs at any age and sex, however, adults

develops immune against this pathogen. It is a contagious disease and not a hereditary disease. Various methods of test and mode of medicine taken by the affected person were informed. He also added, that the National Leprosy Eradication Programme, National Leprosy Control Programme being operated since 1955. In 1983 it converted as National Leprosy Eradication Programme. Their main activities are to minimize the infection and to eradicate the Leprosy by 2027 in India, he added. World Bank, WHO, many NGOs giving fund for this activity. International Federation of anti Leprosy Association involving more to eradicate the Leprosy.

As many as 60 students from Zoology and Botany department eagerly participated the programme. And the students asked questions and their doubts were cleared. **Dr. N. Ramesh**, Assistant Professor of Zoology, Nehru Memorial College organized the programme. Finally **Dr. C. Renuka**, Assistant Professor of Zoology, Nehru Memorial College proposed the vote of thanks. **Ms. K.Hemapriya**, II M.Sc Zoology given the master of ceremony. The programme concluded with National anthem at 4.00pm.

**Dr. C. Sasikumar, Principal (i/c), Associate Professor and Head, Department of Botany, Nehru Memorial College, proposed welcome address on World Leprosy Eradication Day 30<sup>th</sup> January-2024”**

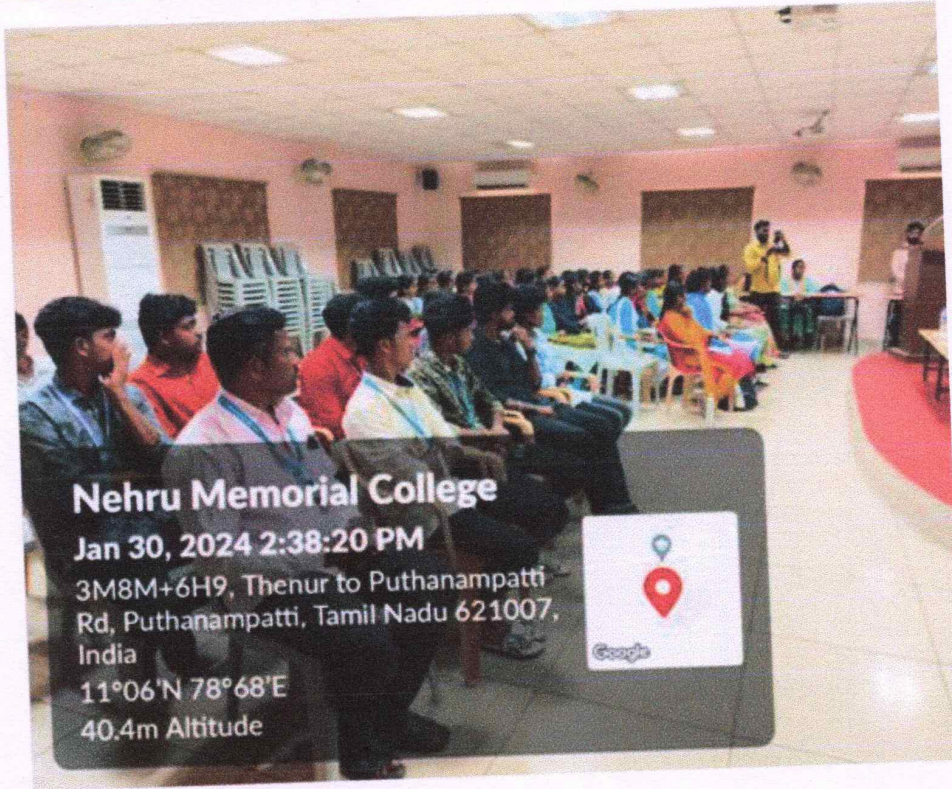

**Presidential Address by Er. Pon. Balasubramanian, President, Nehru Memorial College – on World Leprosy Eradication Day 30<sup>th</sup> January-2024”**

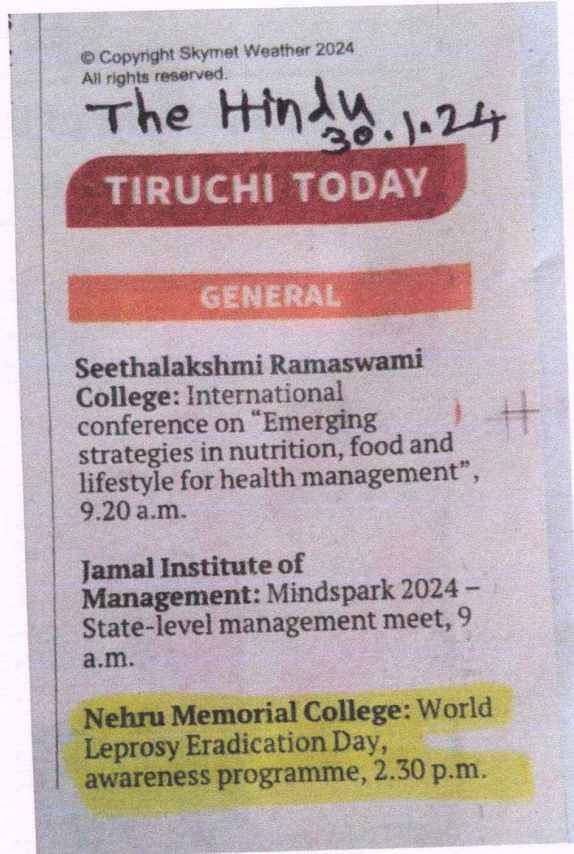

**Special lecture on “World Leprosy Eradication Day 30<sup>th</sup> January-2024”  
delivered by Dr. N. Ramesh, Assistant Professor, Department of Zoology,  
Nehru Memorial College**

Students of Nehru Memorial College participated the programme
