<b>15. Multidisciplinary / interdisciplinary</b>
<p>The college is preparing a design thinking curriculum as envisaged by NEP 2020, starting from December 2022. The Curriculum Development Cell (CDC) is establishing modalities to create customised study paths for efficient and effective learning outcomes. Through various programmes, all the teachers have been constructively sensitised about the implementation of NEP 2020 curricular aspects. The College integrates the disciplines of arts and science by offering additional, value-added, and interdisciplinary courses. It also allows students choice of courses based on their personal preferences. Since 2004, the College has been implementing the Choice Based Credit System (CBCS). Autonomy and CBCS both provide students with horizontal mobility and equip graduates for a lifetime of learning. Value Education is a compulsory course for all UG students. Environmental Studies course is offered to all UG students. Further, the community engagement activities, incorporated into the curriculum. The Curriculum Development Cell plans to develop a flexible curriculum that has multiple entry and exits. The College has developed a road map for maximizing and effectively utilizing the knowledge and resources of adjacent institutions and universities. The Institution had adopted multidisciplinary and interdisciplinary approach to learning well in advance, through non-major elective course and Inter-departmental elective courses, providing open choice to the learners.</p>

  

<b>16. Academic bank of credits (ABC):</b>
<p>The College is registered with Academic Bank of Credits (ABC) through the National Academic Depository (NAD) in accordance with the UGC's recommendation. A total of 1800 students have registered with ABC.</p>

**17.Skill development:**

Our college offers academic programs with contemporary relevance and job connectivity, as well as in-built modules for character and skill development. Skill Enhancement and Employability Development (SEED) Training Programme empowers the students with various skills, based on their career choices (Higher Education, Entrepreneurship or Placement). Value Education is a compulsory course for all Under Graduate students. Value Education - an ability enhancement compulsory course is offered in the second semester for all Under Graduate students. Value Education course has been enriched with Universal Human Values, Human Rights, Constitutional Rights, Ethics and Morals. 56 Value-added Courses offered by different departments provide opportunities for students to identify their fields of interest and enhance their skills pertinent to them. The College is also conducting skill training courses for the community through PMKVY scheme under NSDC, GoI.

**18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)****19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

The Institution adopted Outcome Based Education (OBE) with Choice Based Credit System (CBCS) Curriculum Framework since 2019. Outcome Based Education with Choice-Based Credit System Curriculum Framework has been designed for all Under Graduate, Post Graduate, five years integrated and Vocational programmes. This is to emphasise more upon the learning outcomes of the courses, focusing on higher order learning/skills of Analysing, Evaluating and Creating. Programme Educational Objectives (PEOs) are framed based on the Vision and Mission of the Institution. With PEOs as the guiding objectives, pertinent Programme Outcomes (POs) and Programme Specific Outcomes (PSOs) are formulated for every Under Graduate and Post Graduate Programme. Fundamental, Applied and Advance Courses are identified and incorporated into the Curriculum Framework. The modules are designed, incorporating traditional as well as contemporary concepts, theories, applications and essential skills components. Quality Assurance in Teaching-Learning Process is done through Academic and Administrative Audit (AAA), System Audit and Total Quality Management (TQM). Student-centric learning methods for each of the courses, enabling effective attainment of the COs are given as recommendation. The course handling faculty members are encouraged to adopt appropriate student-centric blends of pedagogy, andragogy and heutagogy methodologies in the teaching-learning

process.

## 20.Distance education/online education:

The college is currently contemplating the possibility of providing courses through Open and Distance Learning (ODL) modality in the future. If the college fulfils the criteria to provide programmes in Open and Distance Learning (ODL) mode, a relevant policy will be created for it. Further, the curriculum is designed to allow students to complete at least one MOOC course in their course of study.

<b>CURRICULAR ASPECTS</b>	
<b>1.1 - Curriculum Design and Development</b>	
1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific	

Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Nehru Memorial College, Puthanampatti, is a 56years old College,situated in a remote rural hamlet which provides quality education to the students of socially and economically weaker sections ofthe society. Significantly above 80% of the students happen to be the first generation learners. The autonomy conferred to ourcollege right from 2004 was taken in the right perspective and it propelled us to invoke innovative approaches in designing thecurriculum by taking into account the socio-economic background of the local community and the scientific technological advancements happening around the world. Even before the autonomy was conferredupon the institution, the college had taken a very challenginginitiative to introduce Computer Science in undergraduate programmes in 1983 as the pioneering Arts and Science College inthe state which revolutionized the employability of thousands of poor students hailing from the rural villages. The college hasalso started offering M.Sc., in Instrumentation as early as in 1983, M.Sc. Embedded systems since 2013 and MScData Science from2017 and BSc Data Science in 2019. So the college is one of theremarkable institutions in India to innovate and introducerelevant local, national and global need-based curriculum for more than three decades.

**1.3 - Curriculum Enrichment**

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The following courses are offered to all the UG students. Value Education, Environmental Studies, Gender Studies, Soft Skills and Professional Ethics have been included in selected programmes. Sufficient number of Seminars and Workshops have been organized by inviting experts from the related topics. Value Education teaches the human values in life along with a focus on our culture, tradition, human rights and ethics. Environmental studies creates awareness among the students on the environment, the threats such as pollution, climate change, global warming, deforestation etc., and it also sensitizes the students to preserve nature. It also creates awareness among the students about energy conservation, use of solar power etc., in their day to day life. The course on Gender studies inculcates in the young minds on gender equity, dignity, and the respect and recognition to be given to the women. The course on Soft skills helps the students to enhance their interpersonal relationship with others and in the decision making process in real life. Substantial importance is given in the curriculum to impart business and professional ethics among the students through courses such as Entrepreneurial Development, Stress Management, Business Environment, Retail Marketing, Agricultural Marketing, Business Law, Company Law, Capital Market, etc., of the programme concerned. The curriculum is designed in such a way that the student learns not only the subject concerned but also learns necessary life skills.

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

Strategies Adopted for Slow learners Members of the faculty are available in the Department for providing counseling, guidance, and coaching to the slow learners. Regular classroom monitoring, remedial coaching, personal care, continuous evaluation, discussion are some of the strategies adopted for the slow learners in all the departments. Unit-wise tests and slip tests are conducted regularly apart from their CIA tests in order to improve their performance. The slow learners are trained by way of home tests, assignments, and revisions made by the previous

year question papers. Parents Meeting is conducted after the completion of every semester examination. Mentor-Mentee meeting is conducted regularly to assess student performance.

**Strategies Adopted for advanced learners:** Mini project, Experimentation, Fieldwork / Survey Reports, Case study analysis, summer internship, Industrial training, and online courses are the options available for the advanced learners. Students are encouraged to take part in Paper Presentation in National Seminars/Conferences, Debugging, Problem Solving, and Poster Presentation conducted through Department Association activities and other institutions. Preparation for Off-campus paper presentation and intercollegiate symposium. Soft Skill training sessions cater to the needs of advanced learners by improving their skills there by making them well equipped and prepared for the technical communication for industrial requirements. Value-added courses and Add-on courses provide opportunities to develop interdisciplinary skills and earn extra credits. Special coaching classes are offered to qualify for the UGC NET/SET exams. The students are identified with their capability and suitable training in advanced courses are given to them.

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

**Experiential Learning :** Experiential Learning promotes

learning with experience among students through Laboratory Demonstration Classes, Practical Experiments, online learning, Internships & In-plant Training. Students gain enriched experience from the aforesaid programmes via hands-on learning and gain in-depth insights and acquire practical skills. Internships or projects are made mandatory for all the PG programs in which the students have to identify an industry or academic institution in their discipline and are supposed to undergo professional training and gain experience in the nuances, techniques, methodologies, practices and professional ethics in their domain. Alumni play a significant role in extending a helping hand towards the support of their juniors in facilitating information on various job opportunities, in-plant placements, and student support. In particular, the students gain their experiential learning in the following ways: Lab practicum Learning, Virtual specimens, Model Building, E-learning, Various types of group work, Project-based learning, Report Writing based on group projects, Hands-on Training Invitation, Certificate - Creation & Designing for seminars and interdepartmental competitions is done by students, Internships/Project works are integrated into the course structure of both UG and PG programmes, Field Visits, Educational Tours.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are

stated and displayed on the website and communicated to teachers and students

**Programme Outcomes** - which is developed on the basis of the core and prime objectives of the institution to mould the graduates. **Programme Specific Outcomes** - are rooted to describe the skills that the graduates will possess after undergoing each programme, **Course Outcomes** - The objectives of each course in all the Undergraduate/Postgraduate/Research Programmes are duly drafted and presented in the detailed curriculum structure. The Board of Studies (BoS) of each department meets in consultation with all the Stakeholders (Teaching Faculty, Subject Experts, Industrial Experts, Alumni, Parents and Student Representatives) and carefully formulates the programme specific objectives and course objectives adhering to the norms of an autonomous institution. The BoS takes utmost care to finalize the programme specific outcomes of each programme of the department which clearly spells out the outcomes of the programmes. The BoS also looks into the course objectives of each course and verifies if the course outcomes are met at the end of the program. The Academic Council (AC) of the College is constituted with the Principal as the Chairperson, one teaching staff as its Member Secretary, the University Nominees, and Subject Experts, all the HoDs, Teacher representatives and Industrial Representatives members. The Academic Council exercises its powers carefully to scrutinize and finalize the Programme Objectives, Programme Specific Objectives and Course Objectives of all the programmes in the college.

#### 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The following points are taken into account while measuring the learning outcomes:

The Learning outcomes are measurable and stated using action verbs (Bloom's taxonomy). They are expressed as complete declarative sentences that clearly describe the knowledge, skills, and competencies that the students are expected to acquire as a result of

completing their programme of study. The resources (faculty, library, labs, technology etc) and pedagogy to be adopted for effective course delivery and student learning are determined in consonance with the learning outcomes to be achieved. The outcomes are assessed and measured to identify the extent to which goals are accomplished. The gaps identified after the analysis are addressed through a proper action plan. The outcomes assessment plan also specifies the performance targets/criteria (measurable objectives) that are used by the domain to determine the extent to which the programme learning outcomes are being achieved. The assessment of student learning outcomes is done by using direct and indirect measurement tools.

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

#### Vision:

- Excellence in Science, Arts and Humanities.

#### Mission:

- To achieve quality excellence in generation, transmission and development of new knowledge in Science, Arts and Humanities through quality Teaching, Research, Training, Consultancy and Outreach programmes.

#### Objectives:

- Create and promote research culture among the faculty and research Scholars.
- Facilitate the faculty to undertake research and with financial assistance from the College management such as seed money, incentives etc.
- Establish Research Centers for various disciplines/programmes.
- Develop and implement an official code of ethics to check malpractices/ and plagiarism in research.
- Ensure publications in quality journals, indexed in Scopus and Web of Science. Develop mechanisms to undertake consultancy activities and extension services.
- Encourage the faculty to undertake research in collaboration with other research organizations and industry.
- Organize workshops, training programmes, sensitization programmes, Intellectual Property Rights (IPR) to promote the research culture in campus.
- Organize workshops on motivating the staff to know the avenues in the industries as a consultant.
- Establish the Industry - Institution linkages.
- Facilitate to utilize the expertise and knowledge of faculty in the form of consultancy services

### 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

**Lab to Land Program:** The college has identified the necessity of translating the ideas generated from the lab to the actual place where the public can use the technology for improving their livelihood. The Post Graduate and Research Department of Zoology established a Vermicompost Production Unit in the campus. The students and public are trained in the production process and also started creating awareness among the public. The bio waste from the hostel kitchens are used to generate 20m<sup>3</sup> of gobar gas. Thus generated biogas is used as fuel for cooking in the women's hostel. Over 3000 resident students and staff use water (~50000 litres/day) for different purposes like drinking, washing and bathing. The used water or wastewater from hostels is treated and then utilized to irrigate 40 acres of citrus fruit orchard. This method has created a culture of wastewater utilization to irrigate farms and increase the income of agriculturalists in the nearby villages.

**INFRASTRUCTURE AND LEARNING RESOURCES****4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

**At present there are seven blocks which include the MainBlock, Muthiah Block, Swami Vivekananda Block, Er Sujatha Block,**

Dr Radhakrishnan Block, Chellammal Block and Hotel Management and Catering Science Block. In these seven blocks there are ninety ventilated and comfortable class rooms with adequate furniture and other facilities for reading and learning. Among these classrooms, 40 rooms are provided with ICT facilities for effective learning. There are 10 laboratories with state-of-the-art equipment/instruments for physical science programmes and 4 computer laboratories with 600 computers and LED Projectors. In addition to this, there are well equipped DST/FIST Sponsored Laboratories for Research and Development. The students are divided into batches. Time table is prepared in such a way to accommodate all the students in batches to utilize the laboratories. There are five fully air conditioned Seminar Halls equipped with LCD Projectors, Smartboards, whiteboards with internet connectivity and a state-of-the-art sound system to supplement the Teaching Learning process. There is a huge Multipurpose Hall (Auditorium) with a seating capacity of 2000 students for conducting cultural programmes and other students related functions such as College day Celebrations, Students' Union Council, Literary Association Activities etc. Further, a separate research block is available for research advisor and research scholars. Central instrumentation facility is available in the research block.

#### 4.2 - Library as a Learning Resource

##### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

A Software called "KOHA" was installed in our college library in2014. This software is used for:Data entry - Books, Membership of Staff and StudentsTransactions - Issue, Return and Renewal ofBooks - Collection of fine Gate entry - Generation of various reports A Digital Library has also been established with 30systems.This

Digital Library is equipped with DSPACE Software, which is very useful to upload and upgrade the various e-resources (Access Catalogue) is provided for the benefit of the staff and the students. This is a personalized web-page which enables the staff and the student to view the details of all the books, journals etc., It also helps the user to check the current status of the resources like reference, circulation, due date and enable him/her to reserve a book which he/she would like to receive from the library. There are two systems exclusively provided for the user to access OPAC. Our library also subscribes to UGC - N List INFLIBNET and the resources are shared among the faculty, the research scholars and the PG students. The reading room and reference section are well furnished and provided with a conducive environment for reading. A gate register is maintained for students and staff. They are required to note the time of entry and exit with their signature in the register.

#### 4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

Knowing pretty well that Information Technology is the backbone of any institution, it has established a very exhaustive IT infrastructure catering to the needs of the stakeholders. For this purpose a definitive IT policy was framed. Our College is the pioneer in computer education. B.Sc. Computer Science was introduced in 1983 with two apple computers. Today the college has a total number of 650 personal computers which include dual core, i3 and i5 systems. Four computer labs, and dedicated browsing centers in college as well as in hostels are available for the use of students. The Computer-Student Ratio of the college is 2:3 especially for the Computer related courses. The College has nine research departments and all the departments are provided with a sufficient number of new systems installed with high end computing software for research. In addition to this, separate research lab such as the Center of CEAT, is providing a holistic platform for development in the field of computing. There is a growing need for the internet in knowledge dissemination, information sharing and networking among the students, faculty (research scholars) and administration. Hence, the campus has been provided with wifi connectivity/facility with a speed of 50MBPS. Every building in the campus has been provided with wi-fi facility. All the

staff, students and research scholars have 24x7 access to the internet with due approval of the college administration.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

The college, with its 53 years of experience has established a systematic approach in maintaining the campus. The Institution has a sprawling 42.02 acres of land housing Buildings, Sports fields and Landscape Gardens. A separate Estate Maintenance Office is established with a Manager and a Site Engineer have been appointed to take care of the maintenance of the infrastructure. In order to maintain the entire computer infrastructure including purchase of systems, UPSes, Printers etc is vested with the Service and Maintenance Center with a team of technical staff headed by a service engineer. The team looks after the hardware, software for general and academic purposes and networking requirements of the entire campus. Equipment required for the laboratories are discussed in the respective departments and orders are placed through the Principal. In certain cases where costly equipment is to be purchased, a purchase committee with experts from other colleges and universities are consulted before the final decision. The maintenance of equipment (in case of repairs) is done with AMC or other agreements with equipment suppliers and routine maintenance is carried out by the technical staff in the respective departments.

#### 5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Our college has an active and functional student council. This council is constituted at the beginning of every academic year. It has been functioning on the noble principles of Democracy. Each student is trained to know the importance and values of democracy along with its functioning and this exposure enables the students to become the

leaders of our nation. Student's representatives are elected class-wise and the elected representatives elect the Students' Council Chairman, Secretary and other office bearers. Apart from this student's council, literary association and department associations are also functioning with the office bearers elected by the students concerned. Students council is actively involved in organizing various programmes in the college such as Fresher's day, Sports day, College day, Cultural festival etc., Staff-in-charge of the associations coordinate the office bearers and train them in such a way that they would organize and conduct these functions successfully. Budget for each program is decided in consultation with the Principal and office bearers. Planning and execution are carried out accordingly. Thus the students are trained to shape their leadership qualities and managerial skills. The meeting of the students council is convened 2 to 3 times in a semester to discuss and pass resolutions on the following:

- Student - centric issues come across by the students.
- Infrastructure facilities.
- Conducting Sports day, College day, Literary association meeting.
- Conducting cultural events.
- Celebration of festivals like Pongal.

### 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to

the development of the institution through financial and other support services

The grand network of alumni comprising people from different walks of life in the society makes the identity of the Institution more vibrant. Alumni are the backbone of our college and they play a major role in the growth of their Alma-mater. Many distinguished alumni are working at higher levels in Multinational companies and government sectors. Many have become successful entrepreneurs. Alumni are connected to the college in an enormous way and throughout the year. Alumni are engaged in following ways for the betterment of the Institution:

- Establishment of a strong Alumni Network
- Institutionwise/Departmentwise globally.
- Organizing meetings of alumni in the campus or in various other locations where the alumnus can assemble easily and their experiences are shared.
- Making a platform for the alumni to interact with students directly in the campus or through online and paving way for the students to get the information.
- Getting Placement Assistance, Financial Assistance to the students.

## 6.4 - Financial Management and Resource Mobilization

### 6.4.1 - Institution conducts internal and external financial audits regularly

The college conducts internal and external financial audits regularly. The internal audit is carried out by a statutory auditor appointed by the Governing Body. Whereas the external audit is carried out by the office of the Regional Joint Director of Collegiate Education, Tiruchirappalli region and office of the Principal Accountant General, Chennai. Audit by the O/o RJDCE and O/o AG is carried out for the accounts maintained by the College office which includes:

- Maintenance of Receipts of Payments
- Cash Book
- Ledger Books
- Cheque issue Register
- Daily Fees Collection (DFC)
- Voucher and Bills
- Scholarships received from State/ Central Government for BC, MBC, SC-ST Students and others)
- Salary Grant received from the State Government Grants received from UGC/ other funding agencies
- Autonomous grant received from UGC The Finance Committee is entrusted with the task of management and inspection of various accounts of the college. The Principal who is the Chairman of the Finance Committee convened meetings periodically and accounts relating to previous years were carefully scrutinized prior to the preparation of the budget for the current academic year.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Our College being an Aided College, the salary for the teaching and non-teaching staff employed in the Aided section is received from the State Government under Salary Grant. For the teaching and non-teaching staff working in a self-financed stream, the salary is paid by the college from the tuition fees collected from the students. Fees collected are deposited in nationalized banks and proper books of account are maintained which are subjected to internal and external audit. The fees collected from the students are utilized as per the norms fixed by the Government and affiliating university. Autonomous grants are provided by UGC for equipping library, laboratories, faculty development, extension activities, conduct of seminars/workshops etc.,. Therefore, the Finance Committee of the College prepares a proposal/Budget for every academic year well in advance in consultation with each department and sends it to the UGC. Thus the funds received from the UGC under autonomous grant are spent as per the budget submitted and the guidelines of UGC for autonomous Colleges. Then at the end of every academic year, Utilization Certificate (UC) for the grants received is submitted to the UGC. Funds for organizing workshops/Seminars/Conferences are received from the participants, sponsors, management, UGC, DST and DBT. The funds received are spent under the specific head and Utilization Certificates (UC) are submitted.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

In Nehru Memorial College, quality enhancement is a continuous process. The college IQAC works out intervention and preemptive strategies to improve quality. The primary objective of the cell is to develop systems for conscious, consistent and catalytic action to improve academics, research and administrative performance. The IQAC follows a calendar of events. The IQAC audits all academic, administrative and research activities regularly. The cell prepares necessary guidelines (as per the NAAC/UGC norms) to ensure and enhance quality sustenance and improvement. Two such examples that were implemented successfully as a result of the intervention of IQAC are presented.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

**TEACHING LEARNING PROCESS** Based on the percentage of marks obtained by students the result was analyzed to judge their performance in attaining each course outcome. All deviations were closely studied by the IQAC which came up with an action plan to close short falls and improve the efficiency of the teaching learning process. As part of the follow up the IQAC has made two recommendations to strengthen the

teaching, learning process.

Keeping in view of the scientifically proven importance of graphics and visuals in communication, the IQAC recommended greater use of ICT tools in course delivery. As a result there is a 70% improvement in performance in memory based tests and 30% saving in required learning time. The time thus gained is utilized in intensive study and practice of conceptual topics. This was a huge departure from an advantage over the conventional text book cum chalk-and-talk method. Further, the IQAC suggested that the discussion and case study methods should be preferred to the stand-alone mode. This interactive communication helps teachers actively identify the shortcomings and also initiate on-the-spot remedial action.

Institution provides an inclusive environment for everyone with tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities. Right from the enrollment there is no bias as the enrollment is purely transparent. Moreover, college provides equal opportunities to the students in various activities conducted throughout the session irrespective of their caste, creed, religion and region. NCC

and NSS are included in order to inculcate a sense of unity, discipline and harmony. Our institution believes in equality of all cultures and traditions as is evident from the fact that students belonging to different caste, religion and regions are studying in the college without any discrimination. Different sports and cultural activities organized inside the college promote harmony towards each other. Commemorative days like, Women's day, Yoga day along with many regional festivals like Pongal day, Ayuthapooja. This establishes positive interaction among people of different racial and cultural backgrounds. Colleges organize fresher's day for the first year students every year. The main aim of this celebration is to give a warm welcome to the newcomers and to help the fresher to mingle with the seniors. Such celebration not only builds their confidence but also adds creativity to their levels. It is accompanied with so many colourful events and programs like traditional, fusion, and western dances, exhilarating singing performances, and splendid decoration.
