NEHRU MEMORIAL COLLEGE
(AUTONOMOUS)
REACCREDITED WITH "A+" GRADE (2nd CYCLE) BY NAAC)
PUTHANAMPATTI - 621 007

Seminar/ Guest lecture/ Workshop/ any other Programme Conducted Details

Name of the Programme : Association Function
Title : Recents Trends On Computing Technology
Date : 05.03.2024
Time : 1.30.P.m
Venue : ICT Hall - 1
Organized by College/Dept : Department of Computer Science,
Nehru Memorial College,
Puthanampatti - 621 007.
Staff In-charge/ Organizer : Dr.K. Mani,
Associate Professor of Computer Science,
Nehru Memorial College,
Puthanampatti - 621 007.

Please enclose the following and tick appropriately

Affiliated to Bharathidasan University
Puthanampatti, 621 007

Report of Computer Science Association - 05.03.2024

The PG and Research Department of Computer Science organized the association function for BSc Computer Science (Aided) on the 05th of March (Tuesday) at ICT Hall 1. The resource person of the function was Dr. J.G.R Sathiaselan, Vice Principal, Associate Professor, and Head of the PG and Research Department of Computer Science, Bishop Heber College (Autonomous), Tiruchirappalli – 620 017.

In the morning, various events such as a quiz and connecting computer words were conducted. Before the official commencement of the function, the morning was abuzz with various intellectually stimulating activities. These included a quiz that likely tested the participants' knowledge on diverse topics related to computer science. Additionally, an engaging session involving the connection of computer words may have provided an interactive and educational experience for the attendees.

The function commenced at 1.30 PM. Ms. Kiruthika III BSc CS welcomed the gathering. Dr. A. Venkatesan, Principal, offered a felicitation address. In the address, he spoke about job opportunities and the importance of the function elaborately. Dr. K.Mani, Head, introduced the resource person. The resource person addressed "**Recent Trends in Computing Technologies**", highlighting important areas like Artificial Intelligence, Machine Learning, and Artificial Neural Networks and their significance in real life. Then, the chief guest also addressed the topic "**Prompt Engineering**", explaining it as the process of crafting effective and precise prompts to get desired responses from the model. It involves understanding the model's capabilities and limitations and formulating queries in a way that elicits the desired information or output. He further pointed out that effective prompt engineering can significantly improve the performance and utility of language models, making them more adaptable and applicable to a wide range of tasks and applications. It requires a deep understanding of both the capabilities and limitations of the underlying model, as well as the nuances of natural language communication.

As an add-on, participation certificates were distributed to the II and III-year Computer Science students who participated in the Technical Symposium conducted by the Department held in October 2023. Also, medals were awarded to the winner and runner-up teams. Mr. Kabilan II BSc CS proposed the vote of thanks, and the function ended with the National Anthem.

NEHRU MEMORIAL COLLEGE

[NATIONALLY REACCREDITED WITH 'A+' GRADE BY NAAC]

AN AUTONOMOUS COLLEGE AFFILIATED TO BHARATHIDASAN UNIVERSITY

PUTHANAMPATTI-621 007
